REASON FOR TODAY'S CALL:
leaking lavatory sink and toilet.

DESCRIPTION OF WORK PERFORMED:

-I replaced the FillValve and supply line in the ensuite bathroom, tested and in good working order. -I tested the sink in the guest bathroom by filling and draining multiple times but could not recreate any leaking. I've suggested keeping a Tupperware container under the sink and keeping an eye on it, if moisture is noticed to then look around and see where it could be coming from.
