REASON FOR TODAY'S CALL:

Hello, I have a problem in the bath sink in my new home. Just moved in few weeks ago to find that the bath sink drain is way too slow than normal. It slow as if it is almost clogged but interestingly the water goes down after a long time. The owner know about this issue and had someone to look at it weeks ago, but the issue has not become any better even after then. I also tried drain cleaning liquids but they did not work at all either.

DESCRIPTION OF WORK PERFORMED:

I used the PowerSpin drain snake to clean the lavatory sink drainage and tested by filling and draining the sink multiple times.
